

Nine Mile United Methodist Church Cemetery  
 Updated as of October 21, 2002

This was prepared using the survey recorded 3/23/93 from the Gilmer County Library as a basis. Additions and corrections were made as it was possible to determine. Some information in the original 3/23/93 survey could not be located or verified.

Names are listed in alphabetical rather than geographical placement because family lot lines are not marked and grave sites are not set out in straight lines. Numbers indicate the order listed on the 3/23/93 survey. The 3/23/93 survey also recorded graves in the Wimpey Cemetery which is surrounded by the Nine Mile Cemetery. This new survey, however, does not include the Wimpey gravesites. Prepared by Susan Donaldson and the cemetery committee of Nine Mile Methodist Church 10/21/02.
