

1840 Gilmer County Census

William Erwin, Assistant Marshall

Total: 2536

Whites: 2449 4 free colored persons

36 males & 54 female slaves = 90

November 14, 1840 – John W. Griffith

NOTE – the names were not numbered & were written with their given name before surname. I will place these persons in alphabetical order by SURNAME with the house number next then the ‘Head of Household’ then ages ***** in most families will note that there seems to be more than one family, in the beginning of Gilmer it was common practice for married children to live at home until better able to move out.

NOTE: If a ‘?’ mark is placed – check microfilm as these are faint & almost unreadable –

House # 61 – can’t read name but male 20-30 yrs, female 20-30, 2 females under 5

The Name could be Logan, Duggan, Grogran
